To

Recruiter,
Orcale HR

Subject: Application for role of Student/Intern.

Dear Recruiter,

I am excited to apply for the internship position at Orcale.As a passionate and driven Computer Science undergraduate at the Indian Institute of Information Technology, Bhagalpur, I am eager to contribute my technical expertise and problem-solving skills to your esteemed organization. With a strong foundation in full-stack development, data analysis, and software testing, I am confident that my diverse skill set shall aligns well with the role's requirements.

During my tenure at Edunet Foundation & EY-GDS, I developed a web application with advanced search filters, enhancing search efficiency by 30%. At BluePlanet Info Solution, I performed manual, automated, and regression testing, increasing bug detection rates by 40%. My experience with TechSaksham, in collaboration with Microsoft & SAP, allowed me to conduct trend analysis on shopping behavior, leading to a 10% improvement in product predictions. Additionally, my leadership role in Unnati Welfare Society, an NGO dedicated to educating underprivileged students, has refined my ability to manage projects and collaborate effectively.

I am proficient in C++, Python, JavaScript, and various frameworks such as React.js, Node.js, Express.js, and MongoDB. I also have hands on practice of google cloud platform. My expertise in cloud computing, API development, and database management equips me with the ability to handle complex technical challenges efficiently. Furthermore, my achievements, including ranking 13th in SIH Internal Hackathon 2024 and excelling in athletics, showcase my dedication and competitive spirit.

I am eager to bring my skills and enthusiasm to Oracle and would welcome the opportunity to discuss how my contributions can benefit your team. Thank you for your time and consideration. I look forward to the possibility of an interview.

Best regards,
Md Irfan Raj
